Portfolio: <https://www.scottwillrich.com/> | GitHub: <https://github.com/swillrich5>

After completing an intensive Web Development boot camp at the University of Texas at Austin, I am seeking a position as a Full Stack Web Developer. Since my bootcamp (HTML/CSS/JavaScript/React), I've gained experience not only through a four-month internship, but also in my current position. Both of which have expanded and enhanced my development skills.

TECHNICAL SKILLS

Languages: JavaScript, CSS3, HTML5, SQL, Python/Django

Applications: GitHub, MongoDB, MySQL, Visual Studio

Tools: Bootstrap, React, Docker

EXPERIENCE

Software Developer (January 2022 – Present)

The University of Texas at Austin Libraries

Austin, TX

- Building and maintaining Python/Django and Islandora / Drupal (PHP) applications to provide access to The University of Texas Library's digital assets.

Professional Intern (August 2021 – December 2022)

Texas Advanced Computing Center (TACC)

[GitHub](#)

Austin, TX

- Four-month internship building React / JavaScript front end to interface with Django APIs to provide access to TACC's advanced computing resources.

Director of Information Services (CIO)

Texas Municipal Retirement System

Austin, TX

Key Contributions:

- Led and managed the Software Development, Network Operations, and Records Management departments.
- Directed the Information Systems Manager, Network Operations Manager, and Records Manager in the implementation of the department's strategic plan. Built IT organization from a team of one employee to twenty-five full-time employees.
- Developed and managed the Information Resources' multi-million-dollar budget.
- Shifted 100+ employees to completely remote work over 3/13/2020 – 3/15/2020 weekend.
- Prior to this role, I also served at TMRS as IS Manager, Systems Analyst, and Developer.

PROJECTS

Scott-Willrich: My portfolio website, written with React and Bootstrap

- **GitHub:** <https://github.com/swillrich5/scott-willrich>
- **Deployed:** <https://www.scottwillrich.com>
- **Role:** Sole Developer
